The Steele-MacNaughton Achievement Award

The Steele-MacNaughton Achievement award is named to honour the contributions of Sister Catherine Steele and Mrs. Betty MacNaughton. These two ladies made significant contributions to peoples' lives through their work in the group homes, on the board of HCRS, as volunteers and community advocates. They also modelled for many present today the true meaning of the vocation of supporting a person to be included in the community.

The Steele- MacNaughton Award recognizes anniversaries of people choosing support services from HCRS. People marking a 5, 10, 15, 20, 25, 30 or 35 year anniversary with HCRS will be recognized. Along with a Steele-MacNaughton Certificate each person will also receive a gift to mark their anniversary.

The Steele-MacNaughton Awards are distributed at the HCRS Annual General Meeting.
